Medical Entrance Exam Coaching Institute*

Dear Colleagues,

It gives me a great pleasure to invite you for the NEET SS-MCH/DM/DNB Training programme at Chennai, a solemn and holy city of South India. The programme is arranged, in such a way that all specialities will be covered in detail to enable you to qualify in NEET SS.

Continuing surgical education will include latest developments in surgical topics, which will take you to next millennium. The Programme will have a coverage of basic sciences and Recent advances in surgery. This programme will be conducted for 55 days for 500 hours covering the length and breath of surgery and medicine including all Specialities.

More than 100 faculty members will participate in this programme to cover 120 Topics with complete testing process to enable a student to attend any level of competitive exams. This programme will be available online from 13th February 2020 to 11th April 2020 it will also include online Test series.

Once again I Welcome all of you for the Great Scientific Programme NEET Super Speciality.
